D.O. No. 11011(2)/2017-Gen.(DPE)
14th January, 2020

Dear

DPE, in association with NTPC Limited, has developed a 'DRISHTI' Dashboard (<https://mapp.ntpc.co.in/drishti>) to facilitate real-time monitoring of progress of Action Plans of Central Public Sector Enterprises (CPSEs) in the context of CPSE Conclave-2018. All CPSEs and Ministries/Departments have also nominated their respective nodal officers who are responsible for uploading Action Plans and updating progress at regular intervals.

2. As per approved time-lines, the Action Plans of CPSEs are to be reviewed by the concerned CPSE on monthly basis, by the concerned administrative Ministry/Department on quarterly basis and by the Committee of Secretaries twice a year. The Committee of Secretaries had last reviewed the progress of Action Plans of CPSEs in May, 2019 and had, *inter-alia*, directed that the Dashboard should be modernized and made more user friendly. In compliance, the Dashboard has accordingly been improved for better analytics. The details of new data/information required to be entered in the Dashboard had earlier been emailed to Nodal officers of CPSEs on 6th November, 2019 (copy enclosed).

3. In order to familiarise nodal officers of CPSEs about the new features of the Dashboard, DPE is organizing a Workshop on 28th January, 2020 at Power Management Institute (NTPC), Sector 16 A, NOIDA - 201301. The schedule of the workshop is enclosed. You are requested to direct the nodal officer of your company to update the Dashboard immediately and attend the workshop as per schedule along with relevant data/information and a laptop. The confirmation of participation of the nodal officer may be emailed in advance to kailash.bhandari@nic.in.

With regards,

Yours sincerely,

Encl : As stated

(Rajesh Kumar Chaudhry)

To CMDs of all CPSEs

Date of Workshop : 28th January 2020

S.No	Ministry Name	CPSE Name	Name
1	Department of Agriculture, Cooperation & Farmers Welfare	National Seeds Corporation	Mohd. Raquim

Outline of modifications on the new DRISHTI Portal

For each 'Course of Actions' there could be one or more milestones. Weightage has been introduced for each milestone so that the cumulative weightage score is 100 for each Course of Action. Users need to enter milestone weightage, milestone start date, and Actual investment/Saving done for the completion of each milestone.

Challenge I: Maximising Geo-Strategic Reach

1. 'Action Plan' is presently in free text, where user can enter any text. Now user will have to select 'Action Plan' from dropdown. There will be only three 'Action Plan', and from the list user will have to select one.
 - a) Acquire overseas assets to increase global reach
 - b) Capture international demand through export/investment
 - c) Acquire latest technologies through MoU / JVAll existing 'Course of actions' need to be mapped to one of the above 'Action Plan'.
2. 'Planned Investment' need to be entered in (Rs. Cr.) against each 'Course of action'.
3. 'Country name' to be mentioned from dropdown against each 'Course of action'. No. of countries may be one or more for each 'Course of action'.

Challenge: Minimising Import Bill

1. 'Action Plan' is presently is free text, where user can enter anything. Now user will have to select 'Action Plan' from dropdown. There will be only four 'Action Plan', and from the list user will have to select one.
 - a) Increase domestic production
 - b) Source lower cost alternatives
 - c) Increase indigenous value added products and services
 - d) Develop new technologies to drive cost reduction
2. 'Current Import Bill' & 'Estimated Savings' need to be entered against each 'Course of action'.

Challenge: Integration of Innovation & Research

1. 'Action Plan' is presently is free text, where user can enter anything. Now user will have to select 'Action Plan' from dropdown. There will be only two 'Action Plan', from the list user will have to select one.
 - a) Collaboration among CPSEs on specific R&D projects
 - b) Technological breakthroughs
2. 'Total Investment' need to be entered against each 'Course of action'.
3. 'Collaborating CPSEs' to be selected from dropdown against each course of Action.

Challenge: New Development Model

1. Details of EVs adopted is to be added.

Workshop on DRISHTI Dashboard (<https://mapp.ntpc.co.in/drishti>)

28th January, 2020 (Tuesday)

Venue: Power Management Institute (NTPC), Sector 16 A, NOIDA – 201301

SCHEDULE

Time	Agenda
10:00 AM	Registration
10:30 AM	Keynote address by Shri Rajesh K. Chaudhry, Additional Secretary, DPE
10:45 AM	Introduction of New features of Dashboard: Presentation by DRISHTI Project Team, NTPC
11:45 AM	TEA BREAK
12:15 AM	Introduction of New features of Dashboard: Continued
01:15 PM	LUNCH BREAK
02:00 PM	Live Session with new system and resolving queries of Nodal Officers
04:30 PM	Conclusion and High Tea
