IMPLEMENTATION OF REVISED ECDL-2025 IN PHARMACY MODULE

1. Please refer the following:-

1.1. CO ECHS letter No B/49769/AG/ECHS dated 31 Jul 2024 on subject "Implementation Directives of ECHS CDL (ECDL-2024)".

1.2. CO ECHS letter No B/49769/AG/ECHS dated 10 Nov 2025 on subject "Addendum to Implementation Directives of ECHS CDL (ECDL-2024).

2. The earlier ECDL-2024 was found to contain numerous duplicate entries, incorrect nomenclature, and primarily brand-name medicines instead of generic names. To standardize medicine nomenclature, remove duplication, and include SEMO-recommended medicines, ECDL-2024 has been revised. The revised ECDL-2025 has now been implemented in the pharmacy module and is also accessible in the doctors' module at all ECHS Polyclinics.

3. **Key Updates in the Medicine List**:-

2.1. Incorporation of medicines recommended by the respective SEMOs, including anti-cancer and essential medicines.

2.2. Inclusion of only generic names with correct dose, dosages forms and all brand names have been eliminated.

2.3. Inactivation of duplicate entries.

4. The revised ECDL-2025 comprises a total of **2446** medicines and consumables, updated in accordance with current requirements (Appendix 'A'). A total of **473** medicines and consumables have been newly incorporated into ECDL-2025.

Contd/-

.....

5. Further, 166 medicines and consumables listed in ECDL-2024 have been declared inactive (Appendix 'B') for the following reasons: duplicate nomenclature, incorrect nomenclature, classification as nutraceuticals/cosmetics and combinations banned by Central Drug Standard Control Organization (CDSCO). It is requested that necessary stock adjustments be carried out, including charging off these inactive items from the previous ECDL and charge-in appropriately in the updated ECDL, as mentioned in Appx "B".

6. All ECHS Polyclinics are required to maintain comprehensive monthly record of medicine demands, particularly for newly included items, to support efficient procurement from the respective SEMOs.

7. Medicines which are not listed in the revised ECDL-2025 may be considered for inclusion on a case-to-case basis, only after obtaining recommendation from the respective SEMO.

8. Medicines prescribed by specialists of Service/Government/Empanelled hospitals that are not listed in revised ECDL-2025 shall follow reimbursement sanction as per CO ECHS letter reference mentioned at Para 1.2 above.

9. In view of the above, the copy of revised ECDL-2025 is forwarded herewith. All Regional Centres are requested to circulate this letter to all ECHS Polyclinics under their AoR and ensure strict compliance.

IMPLEMENTATION DIRECTIVES OF ECHS CDL (ECDL – 2024)

1. Please refer the following (copies attached) :-

   (a) CO ECHS letter No B/49769/AG/ECHS dt 19 Oct 2023 regarding Implementation Directives of CDL-2023 promulgated.

   (b) CO ECHS letter No B/49769/AG/ECHS dt 14 Jun 2024 regarding Implementation Directives of ECHS Medicine Formulary.

2. The CDL 2023 was introduced with the primary aim of focusing on commonly prescribed drugs and formulations to ensure maximum coverage of diseases and availability of medications. The drugs in the CDL were reduced from approximately 4500 to about 1500. Due to the extensive list of medicines, SEMOs were unable to meet the aspirations of the polyclinics, resulting in many beneficiaries not able to get their due medicines and waiting for ALC medicines or long reimbursement procedure.

3. After the promulgation of implementation directive of ECHS CDL - 2023, many representations were received for adding medicines and therefore the complete medicine list was revised. A total of 780 drugs has been added to CDL-2023. The ECDL - 2024 consists of 2227 drugs in total. This letter will be final and binding till the ECDL - 2024 is revised; which is likely in Feb – Mar 2025.

4. The ECDL - 2024 is dynamic, with new medicines permitted to be added based on SEMO recommendations but on approval from Central Org. Such changes will be communicated to all concerned. The following directives will be implemented forthwith :-

(a) **Cancer and Other Life Saving Drugs** : SEMOs may purchase cancer and other vital essential medicines even if they are not in the ECDL- 2024. SEMOs can use their emergency powers to procure these medications on a patient-specific basis when urgently needed. This procurement is not bulk and should only cover the duration required. Additionally, polyclinics may forward requests to add these medicines to the ECDL- 2024 with SEMO's recommendation. This process applies only to cancer and other lifesaving vital drugs.

(b) The above provision does not apply to combinations removed from the ECDL- 2024. As per CGHS rules, fancy vitamin combination, food supplements, or nutraceuticals should not be requested for purchase or procurement by SEMOs. The vitamins which are part of the treatment can be demanded from SEMO and also be bought from ALC

(c) The procurement process and budgetary allocation should align with this goal. If SEMOs have any budgetary requirements for purchasing cancer and critical life saving drugs, they may project these to the CO ECHS through the command channel. A separate fund for Cancer and Vital drugs is purposed to be created and the case is being taken up.

(d) SEMOs must adhere to the policy of procuring only ECDL – 2024 listed drugs for other medications. A forum at the Sub Area / Stn level will be convened under the aegis of the concerned HQs to periodically monitor the progress and adequacy of procurement of medicines where OIC PC, Dir RC and SEMOs will take part under the stewardship of the nominated chairperson by the GoC Sub Area / Area and equivalent in the Naval and IAF establishments.

(e) A monthly monitoring and evaluation system will be in place to track implementation progress and measure at the Central Org based on the statistics being generated automatically by the PHARMACY MODULE.

(f) No unauthorised drug or store, i.e outside the ECDL- 2024, will be procured as the same will not be included in the Pharmacy Module.

5 Lab reagents, X-ray, and dental equipment are not included in the ECHS Central Drug List (ECDL- 2024). The OIC PC will prepare a demand periodically in a time bound manner. The Senior Medical Officer (SEMO) may approve this list of required reagents for each polyclinic based on their equipment profile, and reagents for gifted equipment may be procured from the ECHS fund. Similarly, the Senior Dental Officer (SEDO), in consultation with the Dental Officer, may approve a list of requirements for the dental section. Polyclinics must forward a utilization certificate for all approved reagents and dental supplies along with their demand.

6. For the in-patient treatment of veterans, the SEMO will create a separate list of required medicines and procure them. The ECDL - 2024 is intended for medicine reimbursement from ECHS Polyclinics or ECHS extension counter in AFMS hospital if available.

7. Any medicine which is critical for patient and not available in ECDL- 2024, NA will be sanctioned by Central Org after recommendation through SEMO. The medicine will be added to the ECDL- 2024 after approval of MD ECHS.

8. The O/o DGAFMS is requested to issue instructions based on the above for compliance by SEMOs at the earliest.

9. This has the approval of MD ECHS.

ADDENDUM TO IMPLEMENTATION DIRECTIVES OF ECHS COMMON DRUG LIST (ECDL-2024) AND POLICY ON NON AVAILABILITY CERTIFICATE (NAC) FOR NON CDL DRUG

1. Please refer the following:-

1.1. Central Organisation ECHS letter No B/49769/AG/ECHS dated 31 Jul 2024 on the subject " **Implementation Directives of ECHS Common Drug List (ECDL-2024)** (Copy attached).

1.2. Central Organisation ECHS letter No B/49761/AG/ECHS/Medicine Policy/2024 dated 12 Nov 2024 on the subject **"Policy on Non Availability Certificate (NAC) for Non Drug Drugs"** (Copy attached).

2. It is intimated that, the primary responsibility for provisioning of medicines and consumables rests with SEMO/SEDOs, who will continue to be the main source of centralized medicine supply.

3. As per Para 4 of the letter reference mentioned at Para 1,1.1 above, the ECHS Common Drug List (CDL) is dynamic in nature. New medicines may be added based on SEMO recommendations., subject to approval by Central Organisation ECHS. Furthermore, SEMOs are also authorised to procure anti-cancer and other vital life saving medicines even if they are not included in the ECDL.

4. SEMOs may exercise their emergency powers to procure these medicine on a patient specific and non bulk basis, limited to the required treatment duration. Polyclinics may forward requests for inclusion of such medicines in the ECDL with SEMOs recommendation. This process is applicable only to **anti cancer and other life saving vital and essential drugs**.

Contd/-....

Types by NK Akhil V Anil

5. Any medicine deemed critical for a patient but not available in the ECDL may be sanctioned by Central Organisation ECHS after recommendation throught the concerned SEMO. Such medicine will be added to the ECDL upon approval by MD COECHS. Formats for SEMO recommendation and sanction by MD, COECHS are enclosed as per appendix A and appendix B respectively for uniform implementation.

6. In view of the above, all concerned are requested to adhere strictly to the procedure outlined in the referenced policy letters and utilise the enclosed formats while seeking approval for procurement/reimbursement of Non-CDL medicines. These instructions will come into effect from **07 Nov 2025**. The contents of this communication may pl be disseminated to all ECHS polyclinics and Regional Centres under your AOR for necessary compliance.

7. This is the approval of MD, COECHS
