Message

In November, 2014, the Prime Minister has launched an Aadhaar-based biometric verification system "Jeevan Pramaan" to enable pensioners to submit a digital Life Certificate on-line. This is an important step in realising the vision of Digital India. This facility has been provided in addition to the other existing methods of submitting Life Certificate.

2. "Jeevan Pramaan" aims at sparing the pensioners and family pensioners the trouble of visiting bank or any other pension disbursing agency for submission of Life Certificates. It is possible to submit the Life Certificate from personal computers and laptops or by visiting a conveniently located Common Service Centre. Further, banks will ensure authenticity of pension and other payments by linking Aadhaar number with bank accounts and PPO numbers.

3. All the pensioners/family pensioners are, therefore, advised to get themselves and their family members registered for Aadhaar at an early date and furnish this information to the Pension Disbursing Authority so as to avoid inconvenience at the time of submission of Life Certificate in November, 2015.
