Annex

Levy of charges for non-maintenance of minimum balance in savings bank account shall be subject to the following additional guidelines :

- i) In the event of a default in maintenance of minimum balance / average minimum balance as agreed to between the bank and customer, the bank should notify the customer clearly by SMS / email / letter etc. that in the event of the minimum balance not being restored in the account within a month from the date of notice, penal charges will be applicable.
- ii) In case the minimum balance is not restored within a reasonable period, which shall not be less than one month from the date of notice of shortfall, penal charges may be recovered under intimation to the account holder.
- iii) The policy on penal charges to be so levied may be decided with the approval of the Board of the bank.
- iv) The penal charges should be directly proportionate to the extent of shortfall observed. In other words, the charges should be a fixed percentage levied on the amount of difference between the actual balance maintained and the minimum balance as agreed upon at the time of opening of account. A suitable slab structure for recovery of charges may be finalized.
- v) It should be ensured that such penal charges are reasonable and not out of line with the average cost of providing the services.
- vi) It should be ensured that the balance in the savings account does not turn into negative balance solely on account of levy of charges for non-maintenance of minimum balance.
