Dear Sir,

The Government of India has been organising Mid-Career Interactions between the Armed Forces and Civil Services Officers in collaboration with the Ministry of Defence for the last many years. The basic objective of the programme is to increase exposure of IAS/IPS/IFoS and other civil services officers to the military, so as to effectively handle unforeseen situations at short notice. These Mid-Career Interaction courses are conducted at the tactical and operational level and they are expected to benefit both the Armed Forces and Civil Services officers by mutual learning from each other's strength and also by imbibing the best points of each other's work culture, ethos and customs. This, in the long run, is expected to help them to combat future challenges to national security in an organised manner.
