51

Points to be noted by the Borrowing/ Parent Department/ Office to be highlighted in DOP&T circular for compliance by the Ministries/ Departments]

1. Vigilance Clearance will not normally be granted for a period of 3 years after the currency of punishment, if a minor penalty has been imposed on an officer. In case of imposition of a major penalty, Vigilance Clearance will not normally be granted for a period of 5 years after the currency of punishment in terms of DOP& T O.M. No.11012/11/2007-Estt.(A) dated 14.12.2007.
2. While forwarding applications in respect of officers who are about to complete their 'cooling-off' period shortly the instructions of DOP& T as contained in O.M. No.2/1/2012-Estt.(Pay.II) dated 04.01.2013 may be strictly adhered to.
3. A copy of the Application format may be provided by the Borrowing Department in their website in a downloadable form as Word Document along with the advertisement.
4. In the case of a vacancy already existing at the time of issue of communication inviting nominations/ publication in the Employment News, the eligibility may be determined with reference to the last date prescribed for receipt of nominations in the concerned administrative Ministry/Department. In the case of an anticipated vacancy, the crucial date for determining eligibility should be the date on which the vacancy is expected to arise.
5. It shall be prominently mentioned in the vacancy circular/ advertisement that the applications/CV not accompanied by supporting certificates/ documents in support of Qualification and Experience claimed by the candidates would not be processed for determining the eligibility of the candidates for the selection.
6. Crucial date for determining the eligibility of the applicants will be counted after excluding the first date of publication of the vacancy/ post in the Employment News. i.e., For the vacancy published in the Employment News of 18-24 Jan. 2014, the crucial date will be counted from the 19th Jan. 2014 (excluding the first date of publication).
7. To facilitate determination of eligibility of the applicants working in Public Sector Undertakings/ Autonomous organizations not following the Central Government Scales, their equivalent scales of pay/posts may be confirmed by the borrowing Department. Where necessary, details in this regard may also be ascertained from the lending Department.

EXPORTS OF AGRICULTURAL PRODUCTS SHOW IMPRESSIVE GROWTH

Sandip Das

The challenges posed by the COVID-19 pandemic resulted in the disruption of supply chains of various commodities across the globe. Despite this, India's export of agricultural and processed food, including cereals, meat, dairy and poultry products, marine products, and spices, registered a significant increase in the first five months of the current financial year (April-August, 2021-22). The Agriculture Export Policy unveiled in 2018, which entailed state-specific policy implementation through a cluster-based approach, resulted in the upswing in the export of India's agricultural products.

From April 2020, when the COVID-19 pandemic started to spread in India, the farming activities were adversely impacted because of supply chain disruptions caused by restrictions on movement to contain the spread of the virus. There were disruptions in the movement of farm

inputs, including farm machinery and agricultural labor. However, the prudent policy adopted by the government keeping most of the agricultural activities outside the purview of lockdown measures led to bumper foodgrain and horticultural crops production.

According to the Economic Survey (2020-21), the agriculture and allied sectors was the sole bright spot amid the slide in performance of other sectors, clocking a growth rate of 3.4% at constant prices during 2020-21. Against all adversities, continuous supply of

agricultural commodities, especially staples like rice, wheat, pulses, and vegetables, has been maintained, thereby enabling food security. While most countries were stockpiling agricultural products for emergency use amid COVID-induced uncertainty, India's exports of agricultural food products continued uninterrupted. The exports of agriculture and allied products, including marine and plantation products, rose by more than 17% during 2020-21 to USD 41.25 billion compared to the previous fiscal. A significant chunk of India's agricultural products exports was to the United States, China, Bangladesh, United Arab Emirates, Vietnam, Saudi Arabia, Indonesia, Nepal, Iran, and Malaysia.

The growth trend in agricultural and processed food products exports continues in the current fiscal with a hike of 21.8% from April to August of 2021-22 compared to the corresponding period of

CAREER OPPORTUNITIES IN PHYSICAL EDUCATION

Nidhi Prasad

On 29 August 2019, Prime Minister Shri Narendra Modi launched the Fit India Movement to promote physical fitness as a way of life. Fit India Movement aims at behavioral changes - from a sedentary lifestyle to a physically active day-to-day living. Fit India would be a success only when it becomes a people's movement. 'How to Live' ought to be the first pillar of formal education. This involves teaching and practicing the art of taking care of one's body and health daily. Schools have to be the first formal institution after home where physical fitness is taught and practiced. In the above background, the Fit India Mission encourages schools to increase physical activities and physical education to make a fitter, healthier, and happier India.

Earlier, physical education (PE) was generally understood as physical activities in school time table that included some free-hand exercises, games, sports, racing, swimming, etc. With time, the subject has changed dramatically. It has expanded

from school settings to non-school settings and from school-aged children to people of all ages. Moreover, the COVID-19

induced awareness of the importance of immunity and mental well-being has brought about a fitness boom and the wellness movement.

Physical education now involves a holistic approach to improving students' physical competence and knowledge of movement and safety and their ability to perform a wide range of activities associated with developing an active and healthy lifestyle. There is a wide range of activities associated with physical education, including sports, dance, and fitness training. Moreover, physical education helps develop and maintain confidence, well-being, and
